Useful Information	242
Restaurants	243
Floor Plan for PICES XIV	250

Abstracts are sorted first by session and then alphabetically by presenter's last name. Presenters' names are in bold and underlined print. The Index of Authors lists all authors, including co-authors, in alphabetical order. Paper numbers and page numbers are also listed in the Index of authors. Some abstracts in this collection have not been edited and have been printed in the condition that they were received.
